PRIMARY

Use for all formal communications and for advertising outside of Southern Arizona, when the audience is not aware of the UA relationship; best choice for stationery.

For example, send your Primary logo to the organizers of a conference brochure where your unit is participating along with several other universities.

ALTERNATE

Use on websites, when the name of the University is prominently noted outside your logo, and for local advertising when the UA-unit relationship is clear.

PROMO/EMBROIDERY

Use when space is limited, resolution is low and promotional impact is required, such as pens, mugs and other small spaces. Not for use on official communications or websites.

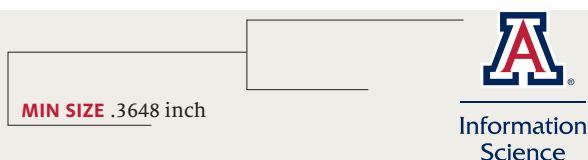

LIMITED

Use in conjunction with the "Block A" triangle. Or, use when several UA units are mentioned and the master logo is prominently displayed, to ensure only one "Block A" logo is visible.

VERTICAL

Limited use. Use only when space does not allow for effective use of your Primary or Promo logo. Not for use on official communications or websites.

WEB HEADER

Use for top-level units on websites when the name of the University is prominently noted outside your logo.
